

FARMERS

Read the text and answer the following questions!

Hello dear little friends! I am a farmer. I wake up very early and work hard. My rooster crows 'cock-a-doodle-do' and help me wake up in the mornings. Your favorite fruits and vegetables are grown on my farm. My children love cherries and grapes the most. My wife bakes a cherry pie for them. I also feed animals like cows, sheep, goats, chicken, roaster, ducks and horses. I milk the cows, collect the eggs, and shear the sheep's wool. My animals are very precious. I name them all and take care of them meticulously. I am proud of my job, because I help kids grow healthily.

1. What do farmers do?

.....

2. Name five animals living in a farm?

.....

3. Where do fruits and vegetables grow?

.....
